

**AMENDMENT TO THE SPECIFICATION**

Please delete the current title "COMBINATION WALKER WITH TRANSPORT CHAIR" and substitute the following title:

**BRAKE HANDLE ASSEMBLY FOR WALKER**

Following the title: "BACKGROUND OF THE INVENTION", please delete the first paragraph which starts with "This invention", and insert the following paragraphs:

This application is a division of copending U.S. Application Serial No. 09/908,102, filed July 18, 2001.

This invention relates to a brake handle assembly for a wheeled walker.

On page 5, delete the first paragraph and substitute the following paragraph

In accordance with another aspect of the invention, there is provided a brake handle assembly for actuating a brake of a wheeled walker of the type having a handle bar member slidably received for telescopic movement within the upper end of a leg member, a wheel rotatably mounted at the lower end of said leg member, a brake mounted at the lower end said leg member, and an elongated brake rod disposed within said handle bar and leg member for moving said brake into and out of braking engagement with said wheel comprising a housing adapted to be connected to the upper end of said handle bar member, a brake lever having a forward end retained in said housing and a handle projecting from the rear of said housing and manually operable between a neutral position, a raised brake actuating position and a depressed brake locking position, a brake actuating member slidably mounted within said housing for interconnecting said brake lever and said brake rod, said brake lever having a first pivot means located near the forward end of said
